

# ADVANCE THERMAL CORP.

## HELPING THE INDUSTRY DELIVER ON THE PROMISE

- **Zero RAD-Waste, Once Installed**
- **Improved Industrial Safety**
- **Faster Installation Time**
- **Better Quality and Less Waste**
- **Reduced Radiological Exposure (ALARA)**
- **Quicker Insulation Production**
- **Easier Insulation Replacement**

*Advance Thermal Corp. is the only removable and reusable insulation cover manufacturing company with 30 years experience supporting nuclear outages with plants, utilities, and contractors. Every project is managed collaboratively to keep the outage projects on-time and on-budget.*

*As the only company in the market with three manufacturing plants strategically positioned around the United States, Advance Thermal Corp. is capable of running multiple outages simultaneously and produce insulation covers on-time, on-budget, and accurately with .001% misfits.*

Manufacturing the best engineered, removable insulation systems for over 30 years.

# KEY FEATURES AND BENEFITS

## ZERO RAD-WASTE ONCE INSTALLED

Reusable and long-lasting insulation covers eliminates future RAD-waste.

## IMPROVED INDUSTRIAL SAFETY

ATC's covers are manufactured off-site vs. on-site, reducing the likelihood of an injury or OSHA recordable event.

## FASTER INSTALLATION TIME

ATC covers are 95% FME-free, utilizing a reinforced strap stitched with Hook & Loop and a double D-Ring system so the strap attaches back to itself.

## BETTER QUALITY AND LESS WASTE

ATC covers are measured, laser cut and fully assembled at our facility, reducing waste by 90%.

*Before: Uninsulated Exchanger*

*Removable Insulation Covers from ATC*

*Removable Insulation Covers from ATC*

## IMPROVED RADIOLOGICAL SAFETY (ALARA)

ATC's covers can be installed faster, requiring less time spent in radiologically controlled areas (RCA) by up to 50%.

## QUICKER INSULATION PRODUCTION

ATC's network of manufacturing plants quickly measures, manufactures and ships covers to your location within 5-7 days.

## EASIER INSULATION REPLACEMENT

Each ATC cover has a laser-etched ID number and barcode capturing each cover's unique measurement, dimensions and manufacturing specification, saving you time in the event of a re-order, and ensuring the highest quality fit.

*Advance Thermal Corp. removable and reusable insulation covers...*

*Helping the Industry  
Deliver on the Promise.*

Manufacturing the best engineered, removable insulation systems for over 30 years.
